Nursery Life

October 2026

Three Gables
Day Nursery & Pre-School

What we've been up to this month...

We have been looking at the theme of "Transport and Travel" where we have been exploring road safety and all the different modes of transport. We have been playing airports and going on trains talking about our own personal experiences with a range of different modes of transport. We have been junk modelling creating our own vehicles, painting and creating a range of different arts and craft activities.

We have had a visit from or local police force who showed us an insight to their job and how important they are in keeping us safe. They showed us their different hats, their radio even letting us call one of the officers on the radio- they also showed us there blue lights explaining what they mean and why they use them! The children loved the hands on experience seeing the police car and their officers so a huge thank you to our local officers who came to see us!

What's happening next month...

We are going to be exploring the theme "weather and seasons" talking about the importance of weather change and keeping wrapped up warm for the cold months ahead. We will be talking about the change in seasons and what we see within our environment to tell us the season is changing. We will be making our own soups and roasting different vegetables to try a range of different winter goodies!

We will be exploring fireworks ahead of firework night painting our own masterpieces and also talking about the importance of staying safe when around fireworks and sparklers.

We will also be celebrating Diwali learning more about the celebration and what it means, reading stories, making cultural delicacies, creating crafts and taking a deeper look into how the culture celebrate.

November Preschool focus:

This month we will be looking at different world celebrations and celebrating the differences in others. We will continue to support this with providing learning opportunities to further embed the pre-school skills needed during this period of learning for our school leavers. If you have any questions about pre-school please speak to myself or Evie who can support.

Activities we will do at nursery:

- Glitter fireworks
- Powder painting Rangoli patterns
- Food tasting
- Handprint snowflakes
- Ice play

Some ideas to do at home:

- Attending a local fireworks evening
- Dancing in the rain using umbrellas
- Making your own wind streamers and taking them for a walk
- Create cloud art using cotton wool and PVA glue
- Listen to some traditional Diwali music and dance along!

We would love to see any photos of activities & experiences from home via the Interactive Learning Diary! It's a wonderful way for us to celebrate and build on your child's learning and special moments, both at nursery and at home, together.

If you've been happy with your experience, we'd really appreciate it if you could take a moment to leave us a review. You can either click the LINK HERE or scan the QR code - it would mean so much to our team.

Wishing you all a happy and healthy month ahead,
All the team at Three Gables
